

**KÜÇÜKYALI HILLTOWN  
SHOPPING CENTER AND HOTEL**

*Istanbul, Turkey*

*Client: Renaissance Construction*

Currently under development in Istanbul, Turkey, Küçükaly is a retail village with more than 850,000 square feet of mixed-use retail space and 200,000 square feet of hospitality. The new Küçükaly development will represent one of Turkey's newest world-class retail destinations.

Elkus Manfredi Architects provided extensive planning and design for the project, which will provide a heart for the rapidly growing Maltepe district on the Asian side of Istanbul. The outdoor village is a unique concept for Istanbul and will provide a variety of spaces and experiences including two major civic squares and a number of intimate smaller spaces and pedestrian streets waiting for discovery.
